

**Breathe
Easier
with S162.**

In STA'-PUT We Trust.

**The first choice in
solvent-free adhesives.**

*STA'-PUT S162
Solvent-Free HPL Adhesive*

S162 allows you to operate more efficiently and profitably by reducing time and materials, and eliminating the issues of fire marshals, clean air compliance, insurance adjusters and personal-injury claims. Only S162 provides the low applied costs and dry times your work demands. And only S162 carries the coveted Greenguard Certification for low-emitting adhesives. No other solvent-free adhesive can say that!

SAFE & COMPLIANT

Zero VOCs, zero flammability, zero HAPs & the ONLY contact adhesive to earn Greenguard certification.

STRONG BONDS

Postformable with excellent heat resistance and bond strength that equals or exceeds solvent-based adhesives.

FAST DRYING

Dries faster than any other solvent-free adhesive, with excellent initial grab tack.

HIGH YIELD

Solids content over 300% greater than most solvent-based adhesives means the lowest applied cost per square-foot of any contact adhesive. Easy to spray, brush or roll on.

Available Through:

**STA'-PUT S162
PHYSICAL PROPERTIES**
